

The Standing Committee on Highways (SCOH) directs the Subcommittee on Materials (SOM) to present the following:

- * past, current and upcoming research efforts regarding the use of REOB in asphalt pavements, including the scope and timing of the research;
- * the status of the utilization of REOB in liquid asphalt across State DOTs including knowledge of presence, pertinent specifications pertaining to its use and existing certification or testing requirements if REOB is allowed;
- * best practices for the identifying the presence and amounts of REOB in asphalt pavements;
- * recommended additional research necessary to fully evaluate the allowance of REOB into asphalt pavement treatments, or mitigation of its use if necessary;
- * a preliminary risk assessment of member States' asphalt binder specification and associated recommendations
