

Political Advocacy Membership Application

The National Asphalt Pavement Association's (NAPA) Board of Directors approved a new individual membership category to strengthen NAPA's advocacy activities while making it easier for employees of NAPA member companies to be involved in NAPA's legislative activities and NAPA's Political Action Committee.

Participation in NAPA-PAC Committee meetings and related-activities now requires NAPA members to complete the Political Advocacy Membership application annually. There are no additional dues associated with joining this membership category.

Political Advocacy Membership is a special individual membership category. To be eligible for membership in this category, a member must be a stockholder, owner, director, or employee if a member admitted to any other class of membership (Article 2, Section 2 of NAPA's Bylaws). In addition, to become and remain eligible, individuals must affirm their Political Advocacy Membership annually.

Political Advocacy Members are eligible to participate in the NAPA Political Action Committee.
